INTRODUCTION

Welcome to the West Pinchbeck 10K 2026!

Sunday 4th October – 10:00am Start

Race day is almost here, and we are delighted to bring this much-loved Lincolnshire road race back under the Trident Sports Events banner.

The West Pinchbeck 10K has built its reputation on a simple formula: a fast, flat fenland course, a friendly village atmosphere and a race that works just as well for somebody tackling their first 10K as it does for a club runner chasing a personal best.

This pack brings together the information you need before race day - the venue, start time, course character, race number rules, safety guidance, results information and the Trident way of doing things.

Please read it before you travel and keep an eye on Trident's website and social channels for any late operational updates.

TRIDENT ETHOS: There is no cut-off time at this event and walkers are encouraged. The focus is on achievement, enjoyment and community – not pressure or ego.

START PROCEDURE

- Make sure your race number is clearly visible on the front of the top you will race in.
- Use the toilets for the final time and check you have everything you need before moving towards the start.
- Listen carefully to the race briefing. Any last-minute course, traffic or safety instruction given on the day takes priority over this pack.
- Seed yourself sensibly. Faster runners should position nearer the front, with steadier runners and walkers further back.
- Once you enter the start area, follow the race starter and marshal instructions. Please do not step into the carriageway before being directed.

ROAD SAFETY

This is a rural road event on open roads. Treat roads as live unless event traffic management or a marshal clearly indicates otherwise. Keep your awareness, follow all marshal instructions and never assume a vehicle has seen you.

- **HEADPHONES** - Only bone conducting type are allowed.
- **ANIMALS** - Pets and other animals are not permitted on the race course unless specifically agreed as part of an assistance / accessibility arrangement

COURSE OVERVIEW

West Pinchbeck is classic Lincolnshire fen running: long, open stretches of tarmac, very little climbing and plenty of opportunity to settle into rhythm.

The race uses the established West Pinchbeck road-course format around the village and surrounding fenland, with Race HQ at St Bartholomew's School.

The start is just outside the school, a single large countryside loop and finish back in the school grounds under the Trident arch.

COURSE SAFETY

Trident Sports Events pride ourselves on our course markings enthusiastic marshals throughout the race.

Please follow the race arrows, signs and marshal instructions at all times to ensure a safe and enjoyable experience.

Team Trident marshals will be easy to identify in hi-vis clothing. They are there to keep the event moving safely, direct runners and raise the alarm if medical assistance is required.

MEDICAL / SELF CARE

- If you feel unwell, develop chest pain, become dizzy or an injury is getting worse, stop and tell the nearest marshal.
- Marshals are not medical professionals; they will contact the event medical / first-aid team when assistance is needed.
- Write important health information and medication details on the back of your race number.
- Dress for the conditions. Fenland roads are exposed and wind can make the day feel colder than the forecast suggests.
- Hydrate before the race and do not try anything new on race morning.

FINISH / RESULTS

The finish line is the reward for everything you put into the morning. Keep running through the line, follow the finish-team instructions and enjoy earning your West Pinchbeck 10K medal. We have a finish line camera to capture the moment so don't forget to smile! These photos will be available to download after the event completely free of charge.

PROFESSIONAL CHIP TIMING

Provisional results will be published online after the race once the timing data has been processed. Our timing partner, Sublime Timing, will email and text out the result directly to you. We will also make the results available on our own website shortly after the event.

AFTER YOU FINISH

- Keep moving through the finish area so runners behind you have space.
- Collect your finisher medal and any confirmed post-race items.
- Rehydrate, change into dry layers if needed and check in with your supporters.
- If you feel unwell after finishing, tell a member of the event team rather than leaving the site.

After your run, in the event HQ area there will be a range of drinks and food available for all participants

JOIN TEAM TRIDENT

Events like West Pinchbeck simply do not happen without volunteers. Course marshals, parking stewards, finish-line helpers and set-up teams are the people who turn a route on paper into a safe and memorable race day.

TYPICAL ROLES:

- Course Marshals
- Aid Station Support
- Parking Marshals
- Start/Finish Support
- Setup/Pack Down
- Race HQ roles
